Balochistan Board of Intermediate & Secondary Education — 2016

◉ PROFESSIONAL EXPERIENCE

◉ IT Instructor

ASF Pvt. Ltd. (Presented by - Frontier Corps Balochistan)
📅 *May 2025 – Present*
Key Responsibilities:

1. Deliver comprehensive IT training in software development, networking, and system administration with practical lab sessions.
2. Design and update training curricula based on emerging technologies and market needs.
3. Mentor students in programming languages like C#, VB.NET, and Python, and guide them in technical projects.
4. Evaluate trainee performance through assignments, quizzes, and project assessments while maintaining IT labs and troubleshooting systems.
5. Coordinate with management to identify training gaps, develop new modules, and prepare periodic progress reports.

◉ Project Manager

Noor Software Solution (Pvt.) Limited
📅 *2020 – Present*
Key Responsibilities:

1. Lead and oversee software development projects from planning to deployment while ensuring timely delivery.
2. Manage project planning and resources using Agile methodology, including timelines, budgets, and vendor coordination.

3. Gather and translate client requirements into technical specifications and guide a multidisciplinary team.
4. Ensure project quality and risk management through assessments, mitigation strategies, and compliance with standards.
5. Track performance and report progress, promoting innovation, teamwork, and continuous improvement across all phases.

◉ Web & Software Developer
Noor Software Solution (Pvt.) Limited
🗓 *2018 – 2020*
Key Responsibilities:

1. Developed and maintained dynamic web applications using ASP.NET, C#, SQL Server, and responsive UI designs.
2. Collaborated with clients to gather requirements and deliver tailored system solutions.
3. Managed databases and integrations, ensuring data integrity, security, and smooth API/third-party connectivity.
4. Performed testing, debugging, deployment, and documentation, ensuring high-quality software delivery.
5. Automated internal processes and ensured compliance with SDLC, coding standards, and data protection policies.

◉ Field Investigation Officer

Business Credit Information Pvt. Ltd.
🗓 *2017 – 2018*
Key Responsibilities:

1. Conducted field visits and collected/verified business and client data for credit reporting and assessment.
2. Maintained and updated databases in line with data privacy laws while ensuring accuracy of information.
3. Coordinated with financial institutions and clients and prepared detailed verification and investigation reports.
4. Assisted in financial document analysis, detecting irregularities and reporting potential fraud to management.
5. Supported system digitization and trained new team members on field data protocols, ethics, and reporting standards.

◉ CORE COMPETENCIES
